Safer-at-Home Advisory

DPH Public Health Advisory

5/18/2020

Department of Public Health

Safer-at-Home

- People over the age of 65 and people who have underlying health conditions – who are at high risk for COVID-19 – should continue to stay home except for essential errands such as going to the grocery store and to attend to healthcare needs
- All residents are advised to leave home only for healthcare, worship and permitted work, shopping, and activities
- When going to the pharmacy ask if you can fill your prescriptions for 90 days if possible; for some medications this is not allowed. If you are at high-risk, try to use a mail-order service

- All residents are **REQUIRED** to cover their face when they cannot maintain six feet of social distance in public
- Parents should limit play dates for children
- All residents are advised to wash their hands frequently for at least 20 seconds with soapy water
- All residents are advised to be vigilant, monitor for symptoms and stay home if you feel sick
- Use remote modes of communication like phone or video chat instead of visiting friends or family who are high risk for COVID-19
